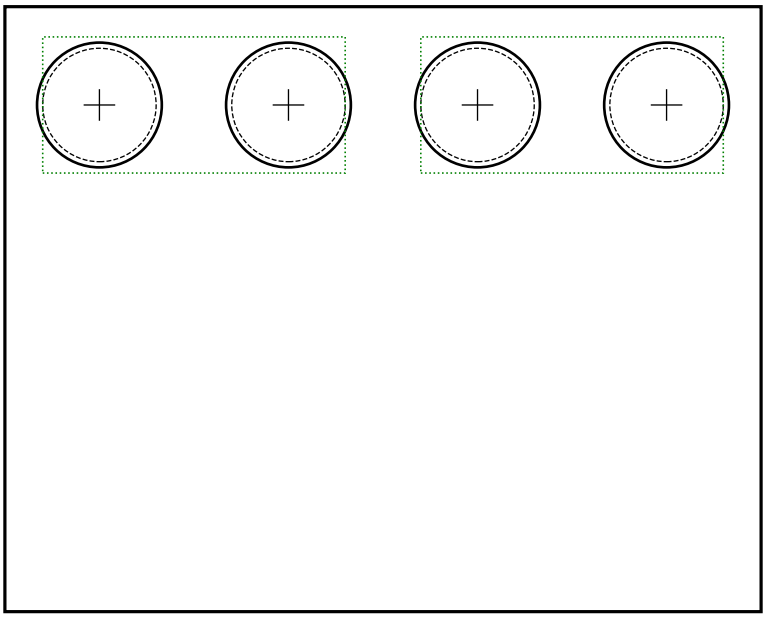
Sensor box - FRONT FACE (outside view), 1:1



Solid circles = holes in the box (16.5 mm). Dashed = 15 mm eyes. Green dotted = sensor boards.

Box outline 100 mm wide x 80 mm tall.

SCALE CHECK: this bar must measure exactly 100 mm

Print at "Actual size" / 100% (not "Fit to page").
Lay both sensors face-down on the circles: every eye should sit inside its solid circle.
